(Chorus)

                  Dsus D   G                                   D  
You're my Living Water, You fill me up  
                  Dsus D   G                                   Dsus D  
You're my Living Water, my cup is overflowing  
                  Dsus D   G                                   D  
You're my Living Water, I'll thirst no more  
                  C                                   D                   Dsus D   G  
As long as You will pour...Your Living Water

(Verse 1)

                  C                                   G  
I could walk 10,000 miles  
                  C                                   G                   D  
I could climb the highest peak  
                  C                                   G  
I could fly if You asked me to  
                  C                                   G                   D  
Because in You is all I need

(Verse 2)

                  C                                   G  
I could move a mountain high  
                  C                                   G                   D  
I could swim the ocean wide  
                  C                                   G  
Oh I could fly if you asked me to  
                  C                                   G                   D  
Because You'll be right by my side

(Verse 3)

                  C                                   G  
You fill me up, You cleanse my soul  
                  C                                   G                   D  
You lift me up wherever I go  
                  C                                   G  
I seek I find, I lay I am rested  
                  C                                   G                   D  
I speak Your name and You fill me with

(Chorus, 1<sup>st</sup> Bridge, Chorus)
