Chorus

I feel better when I'm singing
I feel better when I'm praisin' my Lord
I feel better when I'm worshiping
That's what I was made for
I feel better in His presence
That's where I'm supposed be
I feel better when I'm singin'
Now feel better and sing along with me

Verse

Sickness can be overcome
Sin can be washed away
Sadness can be turned to joy
Come now, and sing along with me

CHORUS

Verse

Fear can be cast out
Pain can be taken away
Death has been defeated
Come now, and sing along with me

CHORUS

Bridge

You don't need to worry anymore
You don't need to take on these cares
Lift them to your Yeshua
Trust Him, feel better and sing along with me
