VERSE 1

I've no need to worry, I've no need to care
I've no need to be anxious, When I've got you here
I've no need to struggle, I've no need to doubt
I've no need to be troubled, When you are my God, You're my God

VERSE 2

Throughout all the years, There's no need to fear
Throughout all these times, Cause I know you're mine
And in the midst, Of life's pains
My trust is in You, Cause You're my God. You're my God

BRIDGE

You've never failed me,
You've never let me down
You've always healed me
And picked me up off the ground

VERSE 3

Why would I panic, Why would I be frantic
Why would I tear, When I've got You here.
Why would I question, And give into this tension
Why would I follow the mob, When You're my God, You're my God...
